ABOUT ME

Diligent and detail-oriented professional with over 3 years work experience in web design and development and over 8 years experience playing a lead role in the project life cycle in disciplines including education, social services, and technology.

I design, develop and modify new and existing responsive websites, web forms and marketing material with special attention to accessibility and User experience. Clients and team members often recognize me for creating visually appealing, uncluttered sites at a fast pace.

EDUCATION

- 2014-2016 Lewis-Clark State College - B.A.S Web Dev and Design
Html 5, CSS3, Less, Bootstrap, wireframing, working with frameworks, design principles and styles, interaction using Javascript and JQuery.
